

"Nicely balances tactics for empire-smashing with ones for community-building. This book will become a classic." –*Fifth Estate*

"It's an extremely intelligent, measured take on how to do direct action and other radical activism in smart ways that will keep you in the game for the long haul, not burned out, in prison, or dead in a couple years." –*Indymedia.org*

"This is a great resource book with a great attitude—positive and d.i.y. all the way. Pick it up." –*Profane Existence*

Three years in the making, *Recipes for Disaster* is the long-awaited follow-up to the CrimethInc. collective's notorious first book, *Days of War, Nights of Love*. This 624-page manual complements the romance and idealism of that earlier work with practical information and instruction. Over thirty collectives collaborated, testing, composing, and editing the book's 62 sections, which range from *Affinity Groups*, *Coalition Building*, and *Mental Health* to *Sabotage*, *Squatting*, and *Wheatpasting*. These are illustrated with extensive technical diagrams and first-hand accounts, and prefaced with a thorough discussion of the diverse roles direct action can play in social transformation. **If you're looking for a tactical handbook for revolutionary action, look no further.** Perfect-bound with strong and flexible PUR glue for greater durability and printed on 100% post-consumer recycled paper with two colors throughout, including 82 custom illustrations and 75 photos.
